

THE NEW MASSIVE DECKS *select*

POPULAR in anthracite

MADE in GERMANY

RATIONAL *select*

Are you looking for a high-quality surface for outdoors? Then RATIONAL select with its new wavy and slightly brushed surface is just the thing for you. Its width of approx. 24.4 cm and lengths between 1.5 and 13 metres mean that the large format deck is ideal for larger open areas, such as patios, roof gardens, but also playgrounds and swimming pool facilities. Because there are fewer joints, it is easy to achieve a closed and architecturally sophisticated look. RATIONAL select can be used on both sides, leaving you a choice between the new wavy and slightly brushed surface, and the traditional block stripe structure.

Format Surface	Height approx. 21 mm, width approx. 244 mm Wavy structure or block stripes brushed
Standard lengths	3 metres / 4 metres / 5 metres / 6 metres
Special lengths	From 1.5 metres to 13 metres at extra cost
Requirements	1 square metre consists of approx. 4 metres of patio decks
Weight	Massive deck approx. 5.3 kg per metre
Loading capacity	600 kg per square dm
